

Citizens of the Year

This year, Price City is honored to recognize a GROUP of citizens who have made a lasting impact on our community and its citizens in countless positive ways. **The Southeastern Utah Associations of Local Governments (SEUALG aka AOG)** is one of seven regional government entities in Utah and encompasses Carbon, Emery, Grand County & San Juan Counties. Their mission is to plan and prepare with federal, state and local governments to strengthen the role of southeastern Utah local officials in the execution of state and federal programs at the regional level to implement economic development, strategize and educate low-income individuals and seniors, stabilize housing and educate individuals for economic stability.

Be sure to join them at Opening Ceremonies when they receive their award, and wave to them during the Grand Parade!
